**DETAILED ACTION**

Applicant's amendment of January 20, 2004 is acknowledged. Claim 16 has been amended. Claims 23- 28 have been cancelled. Claims 29 – 34 have been added.

***Terminal Disclaimer***

The terminal disclaimers filed on January 20, 2004 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of patent application 09/794,307, US Patents. 6582303, 6293864 and 6585586 have been reviewed and are accepted. The terminal disclaimer has been recorded. Accordingly, the rejections based upon obviousness-type double patenting are moot.

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

Claims 16 – 20 and 29 are rejected under 35 U.S.C. 102(b) as being anticipated as amended by Loflink et al. '064, of record, hereinafter Loflink. Loflink discloses a modified game of Baccarat. Loflink teaches at col 19 lines 5 – 20 to provide an electronic version of the game including a computer, display, user actuatable selectors which are used to designate one of said hands as a user hand, and that user hand being either a banker hand or a player hand. This is accomplished at least by allowing a wager to be placed on one of the hands. The remaining play on the electronic device is disclosed in the manual embodiment of the Loflink application. This includes adding cards and

designating a winner as is conventional to the game. The Loflink reference meets the claims as broadly claimed.

***Allowable Subject Matter***

Claims 1-15 and 30-34 are allowed.

Claims 21 and 22 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

***Conclusion***

The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Note the newly discovered patents relating to modifications in baccarat games.

Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37

CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
